SCODE SOFTWARE SOLUTIONS: June 5, 2024 - June 11, 2024

- Completed a 5-day intensive internship, gaining practical experience in UI/UX design principles and tools.
 - Collaborated with design and development teams to create user-friendly interfaces and enhance user experiences .
 - Received recognition for outstanding performance and contribution to team projects during the internship.
-

PROJECTS

- **Student Management System with Gamification | HTML, CSS, JavaScript, PHP, SQL**

Developed a Student Management System with Gamification featuring leaderboards, badges, mark management, and student profiles. The system includes separate admin and student modules, enabling efficient academic management while improving student engagement and motivation through interactive gamified features.

- **Daily Expenses Tracker | Bootsrap, PHP,SQL**

Developed a Daily Expenses Tracker application to manage personal expenses, lending records, and financial analytics. The system helps users track spending patterns, monitor borrowed or lent amounts, and gain insights through simple analytical reports and summaries.
